To be involved as an astute learner in a challenging environment where I can show my talent and enhance my skills in achieving the organization's goal with sheer determine and zest.

💼 EXPERIENCE

11/2020 — 3/2021

IT support Intern
Evision Technoserve pvt.lmt

• As a Intern,I have learnt a lot of technical aspects which is relates supports, management,troubleshoot and etc. As well as how it helps in the real time circumstances .

📁 PROJECTS

1/2022 — 4/2021

Detecting Breast cancer Using Machine Learning Algo

• My project has been created by using set of procedures and steps which is related to the ML aglo to find the part which are affected by cancer.The main results are all about the status of severity as well as demonstrates the visualise data of the affected parts.For my project, I used matlab environment to ingest that actual logic of this entire process.

🎓 QUALIFICATIONS

8/2017 — 5/2021

B.Tech Information Technology
Anna University

7/2016 — 3/2017

Hsc
Ayyanar matric higher secondary school

7/2014 — 4/2015

SSLC
Ayyanar matric higher secondary school

🏆 ACHIEVEMENTS

7/2019

Python
